

## **Approach Your Supervisor About Attending the CAMSS 39th Annual Education Forum!**

Talk to your supervisor today about attending the CAMSS 39th Annual Education Forum—*your* ultimate resources for the latest tools, information, and expert insights that will help you excel in your career. Medical establishments from all over California as well as numerous other states are sending their staff to the CAMSS 39th Annual Education Forum in Orange County (Costa Mesa), May 17-21st. At the conference, you can:

### **Discover New Accreditation Standards and Regulations**

Learn about the latest accreditation and regulatory information and how you can apply it on the job:

- New standards for acute care, ambulatory surgery centers and managed care
- New standards in data administration and management
- Changes in technologies, database sources, provider data, Web-based tools, payment systems, and workflows
- Initiatives in Medicare and healthcare quality improvement organizations

### **Gain Perspective**

Connect with professionals in your field from various parts of the nation—and discover the processes, legislation, and technologies they're using in their hospitals or medical settings.

### **Earn CE Credits**

- Offering NAMSS CE approved sessions, the CAMSS 39th Annual Education Forum allows you to personalize your educational experience
- Choose from sessions applicable to acute care, ambulatory surgery centers or managed care
- Sessions can be applied towards maintaining or earning the organization's CPCS and CPMSM certifications

### **Connect with Qualified Job Prospects**

Looking to expand your team? The CAMSS 39th Annual Education Forum is the best place to connect with recruiting candidates for your office. You'll find a committed, qualified group of professionals with the skills and knowledge to enhance your medical environment.

### **Share Information**

Sending one representative from your office to the CAMSS 39th Annual Education Forum can strengthen your entire team. Take notes, save the handouts, and share the insights you've learned with your colleagues—a great way to train your team while saving on travel expenses.

## **Approach Your Supervisor About Attending the CAMSS 39th Annual Education Forum!**

### **Explore Development Opportunities**

Strengthen your fundamental on-the-job skills:

- Identify your talents and learn how you can apply them in your career
- Sharpen your public speaking skills by identifying the audience and presenting your message to keep their attention
- Explore and understand the concepts of business writing

### **Prepare for Certification Exams**

Stand out as a credible and committed MSP with a CAMSS certification! The Credentialing Specialist Certification (CPCS) Preparation course and the Certified Provider Medical Services Management (CPMSM) Preparation Course will arm you with the knowledge to sit for the CPCS and CPMSM examinations.
